416	Waterfront Type House-1	6" X 7.7"	795	11" X 14"	895

1920's waterfront type of house, but would be comfortable in any setting and era. Design is original, but based on several I have seen during my travels. Construction is entirely of wood with styrene roof and has both inside and outside lighting. Wood siding is stained a light driftwood color.
