536	Coal Mine on Diorama-1	24" X 12"	1,295	44" X 22"	1,495

Diorama of working coal mine. All wood construction loosely based on a prototype in Kentucky now defunct. Diorama has a numbered brass builder's plaque. Base is light weight Gatorboard and hill is of my well known red rosin paper / glue shell construction method. I'll be most happy to show how to install in pike or do installation within reasonable distance and expenses covered.
