537	Coal Mine on Diorama-2	17" X 11"	1,200	31" X 20"	1,380

Design is original but typical of smaller back woods single track mines. Construction is entirely of wood. Base is of Gatorboard and scenery is glueshell; extremely strong and light-weight. Diorama has a numbered brass builder's plaque. I'd be most happy to show how to install or do actual installation within a reasonable distance with expenses covered.
